No Plan B Needed.

With experience and connections to over 1,300 employers, we can be your first choice.

Our open evenings are the perfect chance for you to explore your options with subject-specific talks from our staff, 1:1 advice from support teams, and the chance to apply on the night.

After your talk, you'll be able to explore the campus and get a feel for life at GC. We'll be on hand to answer any questions and support you with applications.
