[Visit our inspirational day college in partnership with Heart of Worcestershire College](#) for young people with disabilities aged 16 years and over.

You will be able to look around our facilities as well as ask as many questions as you like about our learning programmes and how we'll support you as a student.

Our personalised programmes are designed to meet each learner's unique needs and aspirations. Depending on individual goals, programmes may include functional English and maths, life skills like cooking and community access, work-based learning, sensory exploration, social enterprise activities, and horticulture.

Our small class sizes ensure that each student receives the dedicated time and support they need to prepare for life after college.
